

Solid oil bearing

UCF305-UCF328-SUCF 306F21

|                       |             |
|-----------------------|-------------|
| Bearing Unit No. :    | SUCF 306F21 |
| Shaft diamete :       |             |
| d :                   | 30          |
| Boundary Dimensions : |             |
| L :                   | 125         |
| J :                   | 95          |
| A2 :                  | 18          |
| A1 :                  | 15          |
| A :                   | 32          |
| E :                   | 44          |
| N :                   | 16          |
| S :                   | 17          |
| Bolt Specifications : | M14         |
| Bearing No. :         | SUC306      |
| Housing No. :         | F306        |
| Weigh (kg) :          | 1.58        |
